# Key results from Twinning Component 3

## Component 3 “Information, awareness raising, training programmes”: 😊 for good cooperation!

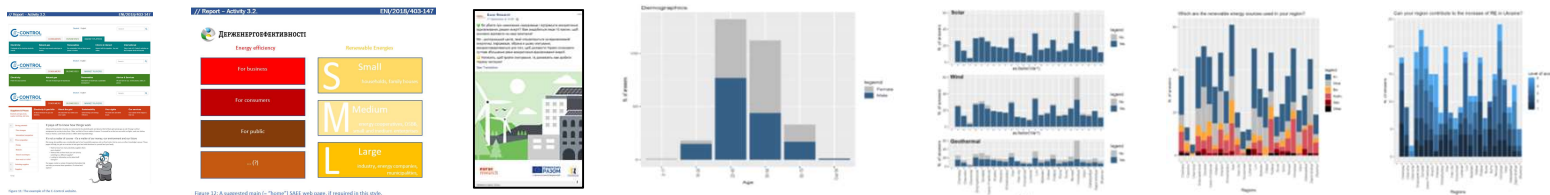

- Inventory on availability and non-availability of **information on RES** according to RED I:

- **Information brochures** for households on different RES technologies:

- **Communication concept and strategy and communication and presentation trainings:**

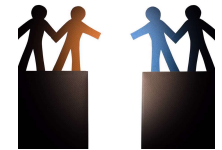

# What **obstacles** does local population feel?

Answers from a guided interview with two dozen stakeholders in Ukraine from five sectors of society

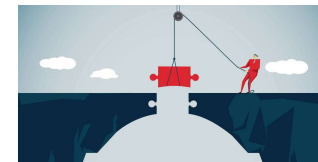

- We organize the answers according to **obstacles** and **gaps** – which then are to be closed

- The **key obstacles for further RES increase** were identified to belong to the following main five groups:

1. **Financial**, e.g. how to obtain suitable and cheap credits
2. **Administrative**, e.g. how to master the complex application process
3. **Technological**, e.g. types of RES installations and how to choose them
4. **Social**, e.g. energy cooperatives
5. **Fact-based information** on RES.

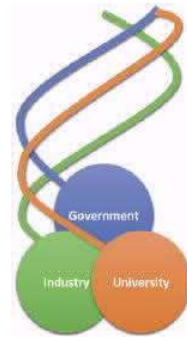

# In "guided interviews", we asked

... two dozen stakeholders in Ukraine from five sectors of society

## 3 information portals for client groups

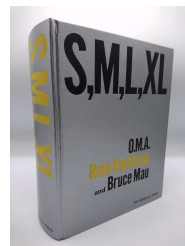

- Stakeholders from a **quintuple helix of innovation**:

- Research & University
- Civil Society & NGOs
- Industry & Enterprises
- Governance & Admin.
- Media

- Main message:** We need *tailored* information for 3 groups (**S + M + L**):

- S:** individuals, house owners
- M:** energy cooperatives, SMEs
- L:** large businesses, industry

The summary of recommendations is as follows; the more detailed recommendations are provided in the chapters 4 and 5.

We recommend to enhance the organisation of the RES website by the following items:
